but only effectiveness converts them into results. By themselves,
they only set limits to what can be attained.”*

The Power of Receivability Workshop

*“Once you discover your WHY, you are better able to align your beliefs with every choice and action
you take, in order to find greater fulfillment in all that you do.” —Simon Sinek*

Effective Goal Receiving teaches the fundamentals of creating a “*Life by Design*.” Locks easily open when we know the combinations. Imagine the struggle to open a lock without the combination. The same holds true for setting and receiving desired goals. Einstein said:

*“Everything is energy and that’s all there is to it! Match the frequency of the reality you want and you can-
not help but get that reality. It can be no other way. This is not philosophy. This is physics.”*

We achieve goals when coherence exists between what we want and what we believe is possible. Effective Goal Receiving teaches the necessary steps that will ensure “*matching frequencies*” of the desired goals. The combination that opens the floodgates to effortlessly receive desired goals is a mindset match of belief and expectation.

The first step is to gain clarity on what you desire. The additional eight steps, if applied, will ensure a complete “*life by design*.” The results will be abundance in all areas of one’s life in a dream-come-true manner! This is not an idle promise. Quantum physicists have proven in case studies around the world that our lives have the power to create, expand and resolve anything and everything on which we place our attention. Together with what we believe is possible, we will surely achieve our goals.
