

About Darylle Virginia Dennis

Darylle Dennis is an International Keynote Speaker and Consultant with an extensive corporate background in commercial banking. CEO's, Presidents and Boards of Directors were Darylle's first clients. For over 20 years now, she had the privilege of exposure with innumerable corporations and a wide variety of industries.

Darylle always had the courage to explore new business strategies. Then, in 1980, she founded Value Exchange Dynamics™. This innovative approach for business development, management and growth has only recently been confirmed by business schools across the country; referred to as Conscious Business and Conscious Capitalism.

Darylle's experiential career course has painted a very clear picture in a broad range of industries of the dynamics present when employees and management are productive and effective in their organizations.

Over several decades, Value Exchange Dynamics™ successfully demonstrated how to achieve more fulfilling and effortless results. The key to favorable outcomes in any organization is the development of the potential and well-being of personnel and executive staff. Quantum growth then becomes the "new normal."

Darylle strongly believes that the nature of human beings

is to have a purpose and make a difference. Strategies used by far too many companies today, direct their teams to focus only on what dollars and benefits can be received by their customers with little emphasis on "being of value." This strategy is producing an accelerated rate of burn-out in the workforce. The volume and levels of profound depression in the workplace is going unnoticed. The suffering is unbearable.

With Value Exchange Dynamics™ Darylle has an effective solution to reduce suffering, prevent burnout and in parallel to increase productivity.

In 2005, Darylle discovered that her own purpose is to make a difference for as many people as possible. Therefore, she began teaching Value Exchange Dynamics™ full time to organizations, where burn-out is epidemic due to high pressures of manifesting results.

Through seminars and workshops, she already has helped thousands of people to re-gain a sense of self-worth, to activate full potential and to achieve excellent results in business.

The rejuvenation seen clearly by all in the eyes and the smiles of employees and executives is her driving force. She always intends to be of highest possible value to those leaders, who she is privileged to serve.
